DigiHealthDay™ Speaker

Valentina Lichtner, PhD.,

**Lecturer, Information Management,
Leeds University Business School (UK),
Co-chair of the EFMI (European Federation for Medical
Informatics) Human and Organisational Factors of
Medical Informatics (HOFMI) Working Group**

Valentina Lichtner is co-chair of the EFMI (European Federation for Medical Informatics) Human and Organisational Factors of Medical Informatics (HOFMI) Working Group. She is a lecturer in information management at Leeds University Business School (UK) and a Marie Curie fellow. Her research is on implementation and use of information technology in healthcare, analysed through sociotechnical lenses. Her expertise is in human computer interaction and ethnographic research. She has conducted studies in primary care and hospitals, in UK and Australia.
