## CSA Sozialwissenschaftliche Datenbanken 1996-2009

### Database License

CSA hereby grants each Authorized User a non-exclusive, non-transferable license to obtain access to the Databases via the Platform in accordance with the terms and conditions set forth herein. The parties acknowledge and agree that so long as an Authorized User has registered with either of IZ or Köln USB and is resident in Germany, the Authorized User may obtain access to the Databases via other German-hosted platforms networked with the Platform.

Each Authorized User may use the Databases for research, education and scholarly purposes. This license contains separate site licenses, allowing for access by each of the Institutions, each located within a compact geographic area such as a single campus identified by a range of IP addresses. The Databases may be networked throughout each of the geographic areas and may also be made available remotely through secure access procedures that each Institution establishes. This license extends to Authorized Users resident in Germany only.

The Databases may also be used as follows:

**Display.** Each Institution and its Authorized Users shall have the right to electronically display the Databases.

**Digitally Copy.** Each Institution and its Authorized Users may download and digitally copy a reasonable portion of the Databases.

**Print Copy.** Each Institution and its Authorized Users may print a reasonable portion of the Databases.

**Recover Copying Costs.** Each Institution may charge a reasonable fee to its Authorized Users in order to cover the costs of copying or printing portions of Databases for Authorized Users.

**Course Packs.** Each Institution and its Authorized Users may use a reasonable portion of the Databases in the preparation of Course Packs or other educational materials.

**Electronic Reserve.** Each Institution and its Authorized Users may use a reasonable portion of the Databases for use in connection with specific courses of instruction offered by such Institution.

**Analysis.** Authorized Users shall be permitted to extract or use information contained in the Databases for educational, scientific, or research purposes, including, but not limited to, extraction and manipulation of information for the purpose of illustration, explanation, example, comment, criticism, teaching, research, or analysis.

**Scholarly Sharing.** Authorized Users may transmit to a third party colleague in hard copy or electronically, minimal, insubstantial amounts of the Databases for personal use or scholarly, educational, or scientific research or professional use but in no case for re-sale. In addition, Authorized Users have the right to use, with appropriate credit, figures, tables and brief excerpts from the Databases in the Authorized User's own scientific, scholarly and educational works.
