Tips for e-book research

The screenshot shows a library search interface for the Deggendorf Institute of Technology Library. The left sidebar contains filters for Subject, Year, Language, and Document type. The main results area lists four items, each with a checkbox, a document icon, a title, author, year, and a 'Full text' button. Annotations in blue boxes provide tips: 'Icon for e-books' points to the document icon; 'For further information (publisher, edition, pages...) click the title' points to the title; 'Link to access the full text' points to the 'Full text' button; and 'Further option: limit your results by document type here' points to the 'E-Book' filter in the sidebar.
